## **Perikin Enterprises Sponsors Tullahoma Soccer Association, Supporting Youth Sports and Community Engagement**

*Tullahoma, TN – September 9, 2024* – Perikin Enterprises, a leader in engineering, professional services, and construction management, is proud to announce its sponsorship of the Tullahoma Soccer Association (TSA). This partnership highlights Perikin’s ongoing commitment to giving back to the community by fostering youth development through sports.

Founded in 1982, TSA’s Recreational Program provides a fun and inclusive environment for children to learn soccer skills, teamwork, and sportsmanship. Affiliated with the Tennessee State Soccer Association (TSSA), TSA’s Division 4 Recreational Program prioritizes participation and enjoyment over competition, allowing every child to grow in a supportive and encouraging atmosphere.

As part of Perikin’s local presence, Jon Osborne, Perikin’s Director of Advanced Engineering in Tullahoma, has played an active role in the Tullahoma soccer community for years. A lifelong soccer player, Osborne has volunteered his time coaching TSA teams, and both of his daughters currently play in the league. He credits youth sports for instilling essential leadership and collaboration skills, which have shaped his career and personal life.

"Having grown up playing soccer, I’ve seen firsthand the incredible impact youth sports can have on developing skills like teamwork, communication, and leadership," said Osborne. "I’m proud to not only support TSA as a coach but also through Perikin’s sponsorship, which will help ensure the program continues to thrive for future generations."

Frank Garcia, CEO of Perikin Enterprises, echoed Osborne’s sentiments: "Perikin Enterprises believes in the power of community and is proud to support programs that help children develop valuable life skills through sports. Our sponsorship of TSA reflects our commitment to giving back to the communities where we work and live, and we are excited to help foster the next generation of young athletes."
